Santa seeking toys

The annual Toy Drive for Santa Claus, Inc., is now being held in the Upland Elementary Schools.

Collections boxes are at Baldy View, Cabrillo, Citrus and Upland Elementary schools through Nov. 6. Next week, the boxes for donations of toys will be at Foothill Knolls, Magnolia, Sierra Vista, Sycamore and Valencia schools. Toys received will be repaired and painted by volunteers at the SCI workshop for free distribution to several thousand local needy children at Christmas.

The SCI workshop is located at 1330 East D Street, Ontario. It is open Monday through Saturday to receive repairable toys.

Toys will be repaired until Thanksgiving Day. Shopwork will then cease to allow time to prepare for Open House Dec. 13.

Local sales tax up

Suddenly upstaging the state's growth in sales and use tax revenue, San Bernardino and Riverside Counties are enjoying an economic windfall that seems to be signaling in a new era, announced Richard Nevins, Fourth District member of the State Board of Equalization.

"resounding increase in the local sales tax of 102% in Riverside County and 90% in San Bernardino County for the last decade is a yardstick for measuring the districts' healthy economic and population growth," continued Nevins, "while the statewide increase for the same period was 83%."

Nevins, whose district encompasses all of southern California noted that, "Because of their increased cost of operation, city and county governments continue to find the local sales and use tax administered by the Board to be an economical source of revenue which contributes heavily to expanding local budgets."

San Bernardino County received \$2,554,295 in fiscal 1969 compared with \$1,816,738 in fiscal 1960, an increase of 41 per cent.

The City of Upland received \$390,971 in fiscal 1969 compared with \$125,703 in fiscal 1970, an increase of 211 per cent.

Taxpayers with business tax questions are invited to visit or write the offices at 303 W. 3rd St., San Bernardino; 432 N. Lemon Avenue, Ontario.

The next meeting of the Parks and Recreation Committee will be held Tuesday, Nov. 10, at 7:30 p.m. in the City Hall Council Chambers.

Brummage sale Nov. 14

Books, rummage and bric-a-brac will be available at the "Brummage Sale" sponsored by the Upland Host Lions Club Saturday, Nov. 14 from 9 a.m. to 5 p.m.

The old court house at 9th Street and 1st Avenue will be transformed into an indoor flea market as choice items collected around the world lend an international flavor to this otherwise domestic tradition.

Proceeds from the sale will aid the Lions Club in their many community activities including the Sav-ur-site Project.

Give a child a book

"This is the Age of the Book", according to the theme of the 1970 National Children's Book Week, Nov. 15-21, to be observed throughout the Inland Library System, some 63 libraries and 4 bookmobiles strong.

Upland Public Library, as a member of the system, will celebrate the week with streamers, posters, special book-marks, and displays of new books.

1970 marks the 51st observance of Children's Book Week, dedicated to the affirmation that children's reading is everyone's concern. It was in 1912 that the idea was first conceived. Franklin K. Mathews, a writer of books for boys, and Frederic G. Melchier, a publisher and editor, however, were responsible for the actual beginning of National Children's Book Week in 1919. The theme of that first Book Week was "More Books in the Home". The American Library Association gave its official approval to the yearly observance.

All area children and their parents are urged to visit the Upland Library during Nov. 15-21 so that they can feel a part of this annual celebration. Getting books into the hands of children is a goal of all libraries, and Children's Book Week is one way of achieving this goal.

Mildura writes to Upland

'Your project now'

Mrs. Douglas Black of the Upland Town Affiliation Association and Mayor George Gibson take a quick peek at the book of Mildura history compiled by sixth grade students in that city

as they pass it along to Mrs. Marjorie Jensen, right, Mrs. Jensen's class at Valencia School is charged with preparing a similar presentation to be sent to Mildura.

Mildura, Australia

Sixth graders tell its history

A thick, bulky scrapbook is causing a lot of attention in Upland this week, particularly in the vicinity of Valencia School.

The book is the essence of Mildura, Australia, as seen through the eyes of 39 sixth grade students at the Mildura West Primary School there.

George Gibson, mayor of Upland, received the book this week and presented it to Mrs. Marjorie Jensen, teacher of a sixth grade class at Valencia School. Her students will embark on a similar project about Upland and send it to their counterparts in Mildura on completion.

The book is an outgrowth of the "sister city" state which exists between Upland and Mildura. Last year the Upland City Council authorized an invitation to Mildura to become Upland's second sister city. Upland's "eldest sister" is Caborca, Mexico.

Mildura was founded by in 1887 George and William B. Chaffey the brothers who were responsible for much of the early Ontario-Upland establishment.

Therefore, similar roots go a long way back between the two areas which, in their beginnings were citrus and farming centers.

A delegation of Uplanders traveled to Mildura in 1969 to extend the sister invitation, which was accepted. Making the trip for the city under the auspices of the Upland Town Affiliation Association, were Mrs. Althea Correll, Mr. and Mrs. Douglas Black, Mrs. Beatrice Riggs and Miss Margaret Kritzman.

The 30-page book from the Mildura school children is composed of pages 15 by 20 inches in size on which everything from photos to farming is recounted.

The entire class from the Australian School is pictured in a group photograph, and throughout the book various other children have single pictures. All the students are listed with their birth dates, home addresses special interests, and the occupations of their parents.

When the Chaffey brothers went to Australia, William B. Chaffey remained and was the leader in developing the grape and dried fruit industry. George returned to the local area. Both men lost everything in 1895, but both recouped their losses. Thus, the birth of Mildura is recounted.

Life on a block (the Australian word for farm) is described by several block dwellers, as well as grape harvesting and processing, the citrus industry and the sheep business. Highlights note that fencing is necessary for the sheep to keep the dingos (wild dogs) away from them. Samples of six different kinds of wool are taped to one page.

According to the children's information, Mildura is a city of 30,000 in its "area of influence." It is the shopping center for a cluster of towns and boasts an art gallery, little theatre and cultural center, the latter with a museum that was the restored home of W.B. Chaffey, the nearest cosmopolitan cities from Mildura are Melbourne and Adelaide and they are several hundred miles away.

The students note that Mildura has a daily newspaper with a 10,000-subscriber circulation, and radio and TV stations. The hospital, scientific research center and meteorology centers are described.

The children in the Mildura class will conclude their school term in December. Then they will be dismissed for summer vacation. When school resumes, the sixth graders will enter secondary school, either Mildura High School or Mildura technical school.

Mrs. Jensen said her sixth grade class has been eagerly awaiting the Australian information. Students have brought such items as boomerangs to school for exhibit, and much discussion has centered on the faraway country.

The local students will study Mildura's presentation and then begin their own Upland history, Mrs. Jensen said.

Flood forum

What do you do when floods and mudslides threaten your home and community?

Answering this question tomorrow at Chaffey College's public forum on mud and water control will be spokesmen from flood and disaster control agencies, the Forestry Service, the San Bernardino County Supervisors and the college itself.

The program, scheduled at 7:30 p.m. Friday, Nov. 6, in the Earl Sicosky Gymnasium at Chaffey, will amount to a report to residents on what steps are being taken and what more needs to be done in the event of mud and water problems during the winter rainy season.

Daniel D. Mikesell, county supervisor, Martin Nicholas, county engineer; Arthur Sidler, flood control director and Donald Henley director of disaster services will present the county program. On hand

Out of my mind

BY
JENNY KIRKPATRICK

Happy birthday

It's Happy Birthday time for those celebrating in November. Astrologically speaking, you are a late Libra, pure Scorpion, or early Sagit-

tarian. For the story of your life, consult your favorite horoscope. You have an infinite choice in getting the kind of day or life you want. If you don't like the early morning prediction, you can wait until afternoon newspapers come out and choose another version.

Isn't it interesting that under one sign there are

conflicting reports. One says beware of driving, another says a good day for traveling. Take your choice, stay home or go.

Other holidays

As far as the other holidays in November, enjoy, enjoy, as this is the last year we'll be celebrating holidays on the

day the calendar intended. The state and national governments deemed it necessary to make our natural calendar holidays conform to a three day weekend. This caper by the state makes for many long weekends next year. Why they didn't just make a "three day weekend" each month, instead of all this fiddling with the calendar is beyond me.

Okay, are you ready for the changes?

January - New Year's day. This holiday had the good grace to fall on a Friday and automatically is a "three day weekend."

February - Good ole' Abe lucked out, too. His birthday, Feb. 12, is on a Friday, an automatic "three day." Ditto for George, only his "three day" is on a Monday for a change of pace.

Good Friday is only going to be a partial holiday, from noon until 3 p.m.

May - Memorial Day has the good grace to fall on Sunday, but that doesn't help, Monday's been added to make the magic "three."

July - July 4 falls on Sunday and apparently stays that way, but don't bet on it. There is always another legislative session that can change it.

September - Labor Day is always on Monday, so no problem.

Admission Day (This is a government boondoggle) is actually on the 9th of September. We'll celebrate it on Sept. 6, to conform to "the weekend plan."

October - Columbus gets to celebrate his

birthday one day earlier, the 11th, and not the 12th. November (This is a lulu.) Veterans' Day is supposed to be Nov. 11, but has been moved to October 25. You figure that one out. They did leave Thanksgiving Day alone. For this we should be thankful.

December - Christmas, also, was left alone. Again, Blessed Be.

Reasons given for all of this nonsense is to boost the \$40 billion dollar travel and tourism industry, to reduce one-day holiday traffic disasters and to keep employees from "snitching" an extra day during the week.

Don't you wish the government would solve all of our problems by this "easy way out" method? A flick of the calendar and out go the problems.

Ground broken for mobile home plant

ETIWANDA - Construction has begun on a new \$500,000 plant in Etiwanda for Santa Anita Mobile Homes, Inc., according to John F. Dumm, president of the Montclair-based firm.

The plant, which will contain 71,000 square feet, is being built on a 10-acre site on Santa Anita Avenue, north of Fourth Street and east of Rochester Avenue, just east of the Ontario Motor Speedway.

According to Dumm, his company also has an option to acquire an additional 20 acres adjoining the new facility.

"The Cucamonga plant, which is scheduled to be in operation by the end of January, will have the capacity to produce four complete doublewide mobile homes per day," said Dumm, whose firm is a subsidiary of Grant Corporation, one of the nation's leading housing producers.

"The increased capacity of the new plant will enable us to cut down on our backlog of order and

also will allow the company to expand its dealer organization into central and northern California and northern Nevada," he added.

About 120 persons will be employed at the manufacturing facility, he said.

Participating in groundbreaking ceremonies with Dumm were Supervisor Daniel Mike-sell, Art Groos, director of the San Bernardino County Economic Development Department and representatives from Fontana and Cucamonga.

Santa Anita Mobile Homes makes seven basic doublewide models in sizes ranging from 20 x 44-feet to 24 x 64-feet. The company's newest unit, the 24 x 64-foot Citation, was introduced at the 18th annual Travel Coach Association show in Los Angeles.

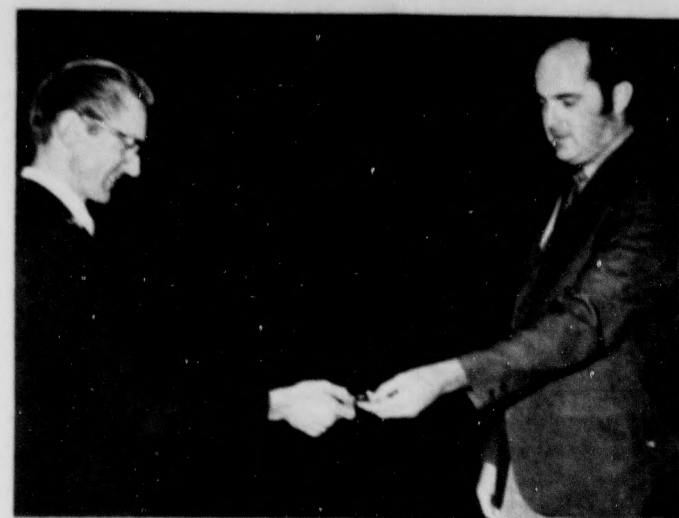

General contractor for the new Etiwanda plant is Don Koll of Santa Ana, Arnold Anderson and Hal Hallidin of Anderson Realty, Ontario, represented both the buyer and the sellers of the property.

Whitchie-who?

Mrs. Bela Petro of 9191 Cielito, Alta Loma, was all ready to scare the sheets off trick-or-treaters on Halloween. With the help of her husband their garage was "haunted" and she was the official greeter. She "practiced" talking like a witch to be in top form, she said.

CUCAMONGA - A Halloween party was given at the Cucamonga Boys Club Saturday, Oct. 24, from 10 a.m. to 12 noon by Gamma Alpha Iota members.

The boys enthusiastically bobbed for apples and played various games. All the boys were dressed in costumes and made construction paper masks. A contest was held for the best masks and the boys themselves voted on the winners. Each boy was given a box of crayons to use in coloring the masks and to take home after the party.

Prizes which were donated by the club and individual members were given to winners in the various activities.

Boys were all served refreshments of punch and cupcakes made by the club members. Also, each boy got to choose a pumpkin to take home and a Trick or Treat bag filled with candy.

Service Committee Chairman, Charlene McPhetridge, was in charge of the party.

As another of the annual service projects, Gamma Alpha Iota members are dressing dolls for Santa Claus, Inc. They have had one work day at Santa Claus, Inc., building at which time several members helped to paint trucks, bikes, tricycles, bouncing horses, etc.

Mystery of the bell

This poem was written by Rosemarie Corona, seventh grader at Cucamonga Junior High School. She is the daughter of Mr. and Mrs. James Corona, 7415 Carnelian Street, Cucamonga.

Rosemarie's mother went to school at the old Central School, now known as Sweeten Hall, at the corner of Hellman Avenue and San Bernardino Road.

THE MYSTERY OF THE BELL

BY ROSEMARIE CORONA

What has happened to that bell so tall,
Atop the roof of Sweeten Hall?
The old Central School has many tales to tell,
The memories of that good old bell.

It's heard the screams and laughter of children at play;
That's one of the memories it holds,
The bell ringing loud to end the day,
And all the day's happenings unfold.

What has happened to that bell?
I don't know. Can you tell?
Is it still up there, or has it disappeared?
I can't see it, but isn't it all very weird???

-M School District hosts Thai visitors

MONTCLAIR -- The Ontario-Montclair School District with the Chaffey Union High and Chino School districts are hosting a group of 15 educational administrators from Thailand, according to Mrs. Marie Gillespie, Assistant Superintendent of the O-M School District.

The Thai administrators are visiting the districts through Friday, Nov. 13.

The educators are highly placed officials responsible for rural education in their country, and are in the United States under the auspices of the U.S. Department of State and the U.S. Office of Education. They are participating in a special program to assist them with various facets of school organization and administration in the United States.

The first phase of the program for the Thai administrators is being conducted by the Center for International Education at the University of Southern California, which has arranged a series of seminars, educational administration with various specialists. The educators have also visited a number of school programs in different communities, selected to synthesize with their seminar discussions.

The second phase of the program for the Thais, University of Southern California, at the request of the U.S. Office of Education, has sought the cooperation of local school districts to receive the visitors an extended period. The objective during this second phase is to provide the opportunity for a closer look at American schools, from an operational perspective.

Each of the three school districts will receive five visitors, who will be able to attend such activities as board meetings, in-service training sessions, PTA meetings, etc. The educators will visit a number of schools and will interact with administrators, teachers, students, and provide information about Thailand contrast with their experiences here. The presence of the group during the two weeks should present a cultural resource to the schools.

Montclair residents who may be interested in obtaining the schedule of the Thai educators as per visits to local schools should contact Mrs. Gillespie, 986-6111.

WHEN TO SPRINKLE

Although the time of day is not particularly important, early morning is preferable to midday, when water evaporates rapidly, and evening, when the turf stays wet longer and becomes susceptible to fungus disease. After breakfast and two hours or so after lunch are other favorable sprinkling times.

To make it even easier to afford, you pay only \$500 down and \$121.58* a month. That modest amount buys you an apartment with double-thick walls, and nobody above or below you. It has a built-in electric kitchen. Air-conditioning. Wall-to-Wall carpeting. And your choice of decorator colors. At Villa La Verne, you can enjoy all the benefits of home ownership and none of the drawbacks. You get to deduct taxes and interest from your income tax. But you don't have to worry about exterior maintenance and gardening, because it's all done for you. While you relax by the pool. Each Manor House has four apartments, with garages for all and a laundry room. You have your choice of four floor plans. But you won't have that choice for long, the way they're selling now. With everything they have going for them, it's not surprising they're going fast. So better drive out right away, anytime between 10 a.m. and 6 p.m.

World Fellowship Week plans made

In the spirit of world community, members of the YWCA of Greater Pomona Valley will observe the YWCA's World Fellowship Week, November 8-14, 1970. There will be a buffet luncheon Thursday Nov. 12, at noon, at McConnell Center, Pitzer College in Claremont. The featured speaker will be Mrs. Ann Shaw, a teacher with varied YWCA background. This year's theme is "Who, Me?"

YWCA members here thus join with others in Associations throughout the 50 states and in 80 countries around the world in celebrating a

week of prayer for world peace and better understanding among all peoples, an annual special event of YWCAs here and abroad.

World Fellowship Week is a time when our international organization and its members reflect on our common concerns, needs and hopes in a world seeking peace, justice, freedom, and dignity. We focus on the work we do collectively on a year-round basis and on our individual responsibility to share in achieving a better life style for women and their families everywhere.

Reservations for the World Fellowship luncheon may be made by calling the YWCA office, 593-4200 by Nov. 10

Custom cars have show

A rapid-fire program designed to appeal to automotive fans of all ages has been arranged for the three-day National Custom Car Show scheduled in the Commercial Building on San Bernardino's National Orange Show grounds Nov. 6-8.

Saturday, Nov. 7, has been designated as "Youth Day," and all youngsters in uniform or who are members of a bonafide youth organization will be admitted free at noon.

Infectious diseases will be monitored

Improved surveillance of sickness in California is planned by the State Department of Public Health, in order to develop new control methods and to prevent or minimize the harmful effects of infectious disease.

As described in a recent State report on the occurrence of communicable diseases in 1969, studies being planned will test the utility of obtaining more accurate data from at least four new sources. Disease incidence and mortality information will be sought (1) from hospital admission or discharge records, (2) from routine reports by selected large hospitals with communicable disease wards, (3) through surveys of private physicians, and (4) by computerizing requests for laboratory examinations from doctors, hospitals and health departments.

The report prepared by the Bureau of Communicable Disease Control said:

"The combination of information from these various sources should yield data which will make it possible to estimate with more precision the incidence and trends of infectious diseases in the State."

A reorganization of the health department in 1968, the report noted, resulted last year in creation of an infectious disease element which includes two laboratories and the communicable disease unit. This element is responsible for surveillance, investigation and

control of more than 75 different diseases, including some 50 which come under reporting or control provisions of the law. Because infectious disease control is dependent on laboratory technology, field investigation and laboratory arms were merged into a cohesive unit, the report said.

An estimated total of 176,450 cases among 39 reportable diseases occurred in 1969, according to the report. Gonorrhea led the list, with more than 90,000 cases, followed by 29,000 streptococcal infections, more than 11,250 cases of viral hepatitis and 10,000

syphilis cases. Mumps and measles continued to decline, while the number of rubella (German measles) cases was higher than in 1968. There were nearly 7,200 additional reports of disorders characterized by lapses of consciousness, which were transmitted to the Department of Motor Vehicles.

Campfire Girls

More than 40,000 Camp Fire Girls in Los Angeles County launched a project today (10-26) to save the environment for their children.

With the slogan "Take Care of Tomorrow--Today," leaders began a year-long "Project in Environmental Concern" with an "Ecology Day."

The project is sponsored by a Development Committee representing the nine Camp Fire Girl Councils in Los Angeles County, according to Wil-

liam E. Twiss committee chairman.

Troop 1180

Brownie Troop 1180 of the Spanish Trails Girl Scout Council, is taking an active part in the national organization's Action '70 program by 'adopting' grandparents residing at the Community Convalescent Center in Montclair.

According to troop leader, Mrs. Jerry Pellymonter, the 19 Brownies visited the Center on Oct. 27 and met their adoptive grandparents.

In the future the girls

will visit, sing songs, and share good times with these oldsters, as well as make them gifts. Each girl will also have the personal responsibility of sending her adoptive grandparent a birthday card on the individual's birthday.

These girls are not only putting into practice one of the Brownie "B's" -- "B" Friendmakers, but are taking part in Action '70's "Reach Out" program which involves them in their community, with its needs and with its people.

Members of Troop 1180

are: Julie Bateman, Debbie Carvaggio, Laurie Ewart, Carla Folino, Janice French, Tina Gallant, Michol Ann Hickler, Johnna Madden, Barbara Metzger, Veronica Monticino, Pam Morris, Bev Nichols, Christene Nolan, Tammy Pellymonter, Mary Alice Pickrel, Christene Renda, Thressa Schmidt, Sandra Senkel, and Shelli Wright. Assistants to Mrs. Pellymonter are Mrs. Ray Senkel and Mrs. John Bateman.

Montclair Brownies

Two Montclair Brownies

troops toured the Ontario workshop of Santa Claus Inc. November 3rd to see first hand how Santa's 'helpers' restore used toys for distribution to needy children at Christmas.

Brownie Scouts of troops 1045 and 1180 of the Spanish Trails Girl Scout Council spent many weeks collecting the useable toys they donated. Being 'ready helpers' is part of the Brownie program which teaches the youngest age level of the Girl Scout organization to give service to others.

Following the tour the two troops spent an hour sharing songs and games. Mrs. William Horne is the leader of troop 1045 and is assisted by Mrs. John Forester. Troop 1180 is led by Mrs. Jerry Pellymonter who is assisted by Mrs. Roy Senkel and Mrs. John Bateman.

Cadette GS 1036

Three Cadette Girl Scouts from Troop 1036, Spanish Trails Council, were presented with their First Class Award recently. The presentation, made at Sweeten Hall in

Cucamonga, was the first such ceremony since June 1969 for Ace Neighborhood, which includes the Alta Loma, Cucamonga and Etiwanda communities.

The Cadettes, Miss Ann Carr of Cucamonga, Miss Pat Gingerich and Miss Lyn Miller, both of Alta Loma, were interviewed by the Court of Honor this month, and qualified for the highest award given in Cadette Scouting.

The presentation was the culmination of many years work in Girl Scouting. All First Class recipients must complete

requirements for 6 badges in specified areas, and have earned the 4 Cadette Challenges.

Mrs. William Link of Alta Loma is leader of Troop 1036.

Las Caballeras

Approximately 500 Girl Scouts in all levels of the Las Caballeras Neighborhood will participate in a Fun Day at the Holiday Roller Rink, Montclair. Two sessions are scheduled on Wednesday Nov 11th, at 9 a.m. to 11 A.M. and 11 A.M. to 1 P.M.

Civic Light Opera fare is 'Auntie Mame'

"Where's Byron" has never been the name of a stage musical but Byron Palmer who won the Broadway "Theatre World" award for "Where's Charley" will soon be seen as the dashing and courtly southern "Beauregard Jackson Pickett Burnside" in San Bernardino Civic Light Opera's production "Mame". "Mame", the musical version of the novel and play of Performing Arts Friday Nov 13, for a limited run and stars Gisele MacKenzie as the dauntless "Mame". Byron was last seen by Civic Light Opera audiences when he starred in Meredith Willson's "Here's Love" several seasons ago. He is probably best known for his television appearances as emcee on the "Miss Universe and Miss World" contests.

Palmer, a baritone, has a host of television, Broadway and national company stage credits which includes the title role of "Mister Roberts" and "Annie Get Your Gun" with Ginger Rogers.

"Mame" which ran on Broadway for over three years is not only noted for comedy but such beguiling musical numbers as "My Best Girl," "If He Walked Into My Life" and "Mame" which have become familiar through radio and records.

Tickets for "Mame" can be secured from Civic Light Opera ticket office, by telephone TU 2-2545 or by mail or through the agencies located at Harris' in San Bernardino and Riverside and the Chamber of Commerce in Fontana.

Cowboys lasso Raiders

DIAMOND BAR -- The Diamond Bar Jr. Pee Wee Cowboys lassoed the Rowland Heights Raiders, this past Saturday, Oct. 31.

Strong Cowboy defensive play led by Rick Holman, Ron Duval, Mike Lindley and Greg Simons, coupled with second and third quarter TD's, gave the hard hitting Cowboys their third win in the last four games.

The Cowboys' defense shut out the Raiders all day, including an impressive goal line stand when the Raiders had four tries from the seven yd. line.

Tim Burkett, Don Coats, Ronny Seyb, Mike Flaherty, Mark Buchanan did yeoman service in the line. In the secondary, backs Mike Barlow, Paul Villareal and Mitch Stephen prevented any completions.

A 30 yd. pass from Pat Flaherty to Augie Passillas and a four yd. plunge by Barlow accounted for the Cowboy points. A pass interception by Barlow and hard running by Tim Burkett set up the second TD.

Big holes were opened by Buchanan, Steve Ziegler, Tony Marquez, Lind-

sey O'Neil, Villareal, and Passillas for Stephen, Barlow, and Flaherty to run through.

Good running by Brian McQueen, Tom Scarmine, and Kelly White, and more good defensive work was contributed by Kevin Allen, Keith Misumi, Steve Shock, Scott Phelps, Rick Winstanley, Dan Livingston, Bruce Clark, Ralph Crnkovic, Steve Ackland, Bret Bernhard, and Mike McDonald.

The Cowboys' end League play next week at Avocado Heights. A win would give them a four-four record.

Damien posts win

LA VERNE -- At its Homecoming game Friday, Damien High School won a tight victory over Verbum Dei, 12-7.

Rich Villaneuva excelled for Damien as he intercepted a pass, and recovered a fumble to score the winning touchdown with 10 minutes left on the clock.

The Damien defense played its best game of the season, limiting the

Eagles to 178 yards. Of the 21 passes attempted by Verbum Dei, only 5 were completed, and three were intercepted. However, the Eagles' only score was on a 38-yard touchdown pass.

The Spartans, 4-3 for the season, travel to Atascadero this week in a non-league game, then close their Santa Fe League campaign against a tough St. John Bosco.

Women vie for annual prexy cup

DIAMOND BAR -- The Diamond Bar Women's Golf Club held an annual President's Cup Tournament during the month of October.

At a recent luncheon the following awards were presented: Pat Franklin winner of A Flight Championship round, Ruth Plummer for B Flight Championship, Ann Sanders for the A Flight Consolation round and Kay Liscum for B Flight Consolation.

November activities of the Club will include Beat the Pro Day, a Turkey Shoot and a Couple's Tournament.

Upland looms

BY JIM LOUGH

LA VERNE -- It was a Friday evening and Bonita Bearcat boss Larry Zeno allowed as how he'd have his football team saddle up and ride over to the Chino Cowboy spread and raise a ruckus. They raised one and when order had been restored, the Bonita gang had themselves a nice 32-12 victory.

The Cowboys, however, had an advance scouting report and had a dandy ambush all planned for Zeno's raiders and especially their gun, Allen Carter. Word has spread from one end of the range to the other, that Carter was a hanker to lay a fantastic 9 touchdowns on the Cowboys to become top dog in CIF in that department.

This caused the Cowpokes to get their dander up and decide that they may lose the game, but they would keep their eyes on Carter's every move and if need be, cook up a hog-tyin'. Well, they did keep all of their eyes on him, kept their guns cocked and held him to a measly four touchdowns.

They were so pleased with themselves that a spot poll taken at the conclusion of the shoot-out, revealed that them guys

Chino falls to Bonita

from Chino felt this was one of their finest hours. Before the game started they were trying to decide if their defensive formation should consist of a circle in the middle of the field for greater protection.

Carter did not reach the nine touchdown plateau although he personally is more concerned with his team winning the game than any personal glory, but he brought his season TD total to 26 and his career to 63.

Bonita's other score came on a 7-yard sprint by their outstanding Junior QB Ray Anderson.

Although there are those who feel that if the Bearcats do not blank their opponents and score 100 points, they are slipping. But remember, friends, that even the most inexperienced of poker players do not show their hole cards unless they feel there is no other way.

Soon the Bearcats will unveil their "Secret Weapon". Maybe you will see him Friday night when they host the top challenger to their San Antonio kingship.

The upcoming game against the Upland Highlanders will be the stellar attraction in the Valley, as the winner will probably take all of the marbles in the League. Bonita will have their hands full with the Scots, who also sport a flawless record in League. They have beaten the tough Pomona Red Devils, who will challenge the Bearcats on Nov. 13, the final SAL game. Upland dropped the Wolfpack 21-12 last week and will fully expect to derail the Green Machine.

They chanted not only

They did it again!

Danny Velarde (22), Chino halfback, carries the ball in Friday night's game with Bonita High Bearcats, while the Green Machine's defense tries to stop him. Bonita won game 32-12, keeping them at the top in League play.

"We're Number One," last week, but issued a direct challenge to the Bearcats supremacy by thundering "Bring ON Bonita". Although the Highlanders have had a

couple of close games, they know they must not depend on anyone to knock off the top dog, and will enter Bearcat Stadium prepared to do it themselves.

LVC downs San Diego

LA VERNE -- Freshman quarterback Ken Lipkin struck for two touchdown passes to flanker Fred Long to post a La Verne College victory over San Diego, 18-7, here Saturday.

Long received the 11 and 42-yard pitches during the first half. After intermission, San Diego narrowed the gap to 12-7, but couldn't compete with the Leopard's stiff de-

fense. In the fourth quarter, the Leos clinched the final score on a one-yard keeper by senior quarterback Jimmy Allen, climaxing a 15-play, 80-yard drive.

The ground game workhorses for La Verne were John Coger and Jim Muscato.

The Toreros amassed 235 yards in the air, while La Verne had 174 on the ground and 149 by air.

Travelers sing praises of America

BY JENNY KIRKPATRICK

"America the Beautiful," is more than a song to Lee and Dewey Cable, owners of the Cable Airport. They recently returned from a two and a half month, 14,693 mile trip across the outer rim of the United States. The trip was a fun trip and was financed out of a challenge and a chamber. A chamber pot to be exact.

The challenge came when Lee told Dewey she could save a "potful of money" by throwing her small change into an antique chamber pot they had around the house.

Dewey said she'd never do it, but then turned around and secretly tossed his coins into the pot, to help her out.

The couple mapped the trip out as a combined "extra honeymoon and heritage journey", and they are hearty believers that every couple should take this kind of a trip.

ANOTHER CABLE AIRPORT

As a sideline to the trip, the Cables took a looksee at private airports in each place they stopped. The highlight of this exploration was another Cable airport.

This one is located in Cable, Wisconsin. "It's a small town," said Dewey. "Maybe 262 people all together and only two Cables. The airport is small and it is run by the widow of the founder, Donald Cable, who originally was a railroad man. Why he got into aviation or if he's a relative, I don't know, as there is very little history of the town," said Dewey.

"The airport is private and Libby, his widow, runs it with pride and barefeet. The town is in a valley near a mountain and in many respects similar to Cable Airport," Dewey said.

The Cables both agreed that the United States is not "uptight or ugly". Lee said the people were friendly and the roads everywhere were clean. "I don't know why anyone would want to go to Europe when we have everything in our country. I have been to Europe and you can have it. There is nothing there to compare with our scenery and people," Lee added.

Even though they visited some thirteen states and British Columbia, they favored, just a shade, the Ozarks with its green, green trees and beautiful homes. However, they were quick to point out they liked everywhere they visited.

DREGES OF LIFE

"New York was something else," said Lee. "We saw the dreges of human beings, I don't mean 'hippies' I mean Bowery Bums and the 'Gay Ones'."

"Besides that, the city is dirty and has certainly changed since I was there before," Lee added. She cited the factor that Chinatown remains clean and so far free of crime, unusual in this crime ridden, dirty town.

The Cables found the south hospitable and found a real place called Dogpatch, USA. It is an amusement park with all of the tourist trappings, they said.

New Orleans is a blend of American and French. You can be on an American street and then just a turn of the corner brings you to a French atmosphere.

In Louisiana, Lee hungered for the fresh crab she saw being sold along the road and persuaded

Dewey to stop and get some. He did and she smacked her lips in anticipation all of the way back to the motel. Dewey proceeded to de-vein them with his trusty knife, only to find out that it was a tedious job and then for all of his trouble all he got was a tablespoon of crab.

This was hardly enough to satisfy Lee's hunger for crab, so they had to find themselves a restaurant where the crab was already cooked.

Besides the sightseeing, the Cables renewed relationships with their relatives, some of them they hadn't seen for 45 years. It was a joyous reunion for all.

DIRTY CALIFORNIA

The couple said they had to come back to California to see dirty highways. "Our state has the worst litter-bugs of all the United States."

A quarter clunked in a new antique pot Lee had brought along the way.

"You're not planning another trip already?" they were asked.

"Sure," they grinned, "we want to see the inside states now."

How long do they figure it will take them?

"Hard to say, depends on how fast we feed the pot," they said as they picked up the map of the United States and started searching with pencils in hand.

The group was organized three years ago by an uncle of Ray Melendrez, leader of the band. The uncle played for private parties in the Redlands area and involved cousins, etc., including Ray who played guitar.

Later Ray, Joe Alonzo, and Mario Burton formed a trio while they were sixth grade students at Upland Elementary School. This grew into the present complement of seven.

The other members are: Mark Carrillo, 13, son of Mrs. Josephine Carrillo, 953 N. Campus Ave., saxophone; Steve

Stanley, 13, son of Mr. and Mrs. Leslie Stanley, 877 Sharon Way, drums; Vince Cordova, 13, son of Mr. and Mrs. Joseph Cordova, 1439 E. Salinas St., guitar; Mario Burton, 12, son of Mr. and Mrs. Manuel Burton, 253 N.

Although the band has been functioning for several months, they had not decided on a name. A contest was held and Michelle Sheppard, a seventh grade student at Upland, won with her suggestion, "Majestics."
